BESF-432 Building Entrance Slice Facility

The BESF-432 Wallmount enclosure is a sturdy, water resistant splice cabinet meant to house large quantities of transition splices between outside and building cables. This enclosure meets NEMA 4, 12, and 13 ratings to insulate against blown dirt and dust, as well as splashing and hose directed water. Holds up to 18 Splice Trays

## Features:

- Mounting feet for wall mounting included
- Removable work shelf included
- Durable steel shell
- Removable door with locking feature
- Cables from .236 inches (.595 cm) to 1.26 inches (3.2 cm) in diameter accommodated
